

Glenn L. Schattman, MD

Glenn L. Schattman, MD, is a board-certified Reproductive Endocrinologist and Infertility specialist. He is recognized for his expertise in diagnosing and treating infertility, particularly in the areas of ovulation induction, IVF, and fertility preservation.

He is also renowned for his

contributions to the field through research, teaching, and leadership roles within professional organizations.

Dr. Schattman earned a B.S. from St. Lawrence University, followed by a medical degree from SUNY Downstate Medical Center. He completed his residency in Obstetrics and Gynecology at The George Washington University Medical Center and a fellowship in Reproductive Endocrinology and Infertility at Weill Cornell Medical College/New York Presbyterian Hospital.

He joined the Cornell faculty in 1993 and is currently an Associate Professor of Obstetrics & Gynecology at Weill Cornell Medical College. He has held significant

leadership positions, including Chair of the Society for Assisted Reproductive Technology (SART) Practice Committee and President of SART. He is also involved with the Alliance for Fertility Preservation.

Although his practice focuses on diagnosing and treating all causes of infertility, he has particular expertise in fertility preservation, especially for women at risk of infertility due to cancer treatment. His research focuses particularly in the areas of ovarian tissue cryopreservation and improving tissue re-vascularization in transplantation. He is also experienced in advanced surgical methods for treating infertility, such as those related to blocked fallopian tubes, endometriosis, and ovarian cysts.

Dr. Schattman is actively involved in teaching and mentoring medical students, residents, and fellows at Weill Cornell, and has received numerous awards for his clinical work and teaching, including the APGO National Faculty Award and the Best Teacher Award at New York Hospital-Weill Cornell Medical Center. He is also recognized in the New York Metro Area's Top Doctors book series.
